ABOUT US

Established in **2009**, **Elegant Enterprises** is a professionally managed garment manufacturing company with a strong foundation in quality, consistency, and timely delivery.

With steady growth over the years, we established our own factory in 2002, beginning operations with 30 sewing machines. Today, our manufacturing unit has expanded into a large-scale production facility equipped with **200 modern sewing machines**, enabling us to meet high-volume and quality-driven requirements.

Elegant Enterprises has been a pioneer in the textile and garment manufacturing sector since its inception.

We specialize in producing high-quality apparel for international markets, adhering to the strictest standards of sustainability and ethics. Our journey began with a simple vision: to bridge the gap between Indian craftsmanship and global fashion demands.

Our Core Values

- Integrity in every deal
- Quality without compromise
- Sustainable practices
- Innovation in design

Gratitude to Our Spain Partner

Celebrating a Legacy of Trust & Excellence

We extend our deepest thanks to our esteemed buyer from Spain for their consistent orders and unwavering partnership. Your confidence in us inspires our team to reach new heights.

We are dedicated to honoring this relationship through :

- On-Time Delivery: Meeting every deadline with precision.
- Unmatched Quality: Ensuring superior standards in every garment.
- Perfection: Delivering excellence down to the last stitch.

WHY CHOOSE US

At Elegant Enterprises

"We design and manufacture high-quality, sustainable knitted garments from yarn to finished product."

Why Choose Us?

End-to-End Manufacturing Excellence

We manage the entire production process, ensuring consistency, quality, and control from the first stitch to the final product.

Sustainable Innovation

We believe in making beautiful garments with a minimal environmental footprint. Our ethical sourcing and eco-friendly practices ensure that every piece we produce is as responsible as it is stylish.

Experience & Expertise

we've developed an exceptional understanding of market trends, customer needs, and the finer details of garment production.

Custom Solutions for Every Need

We work closely with brands and retailers to provide customized solutions that align with their vision, whether it's for menswear, womenswear, babywear, or kidswear.

Let's Collaborate

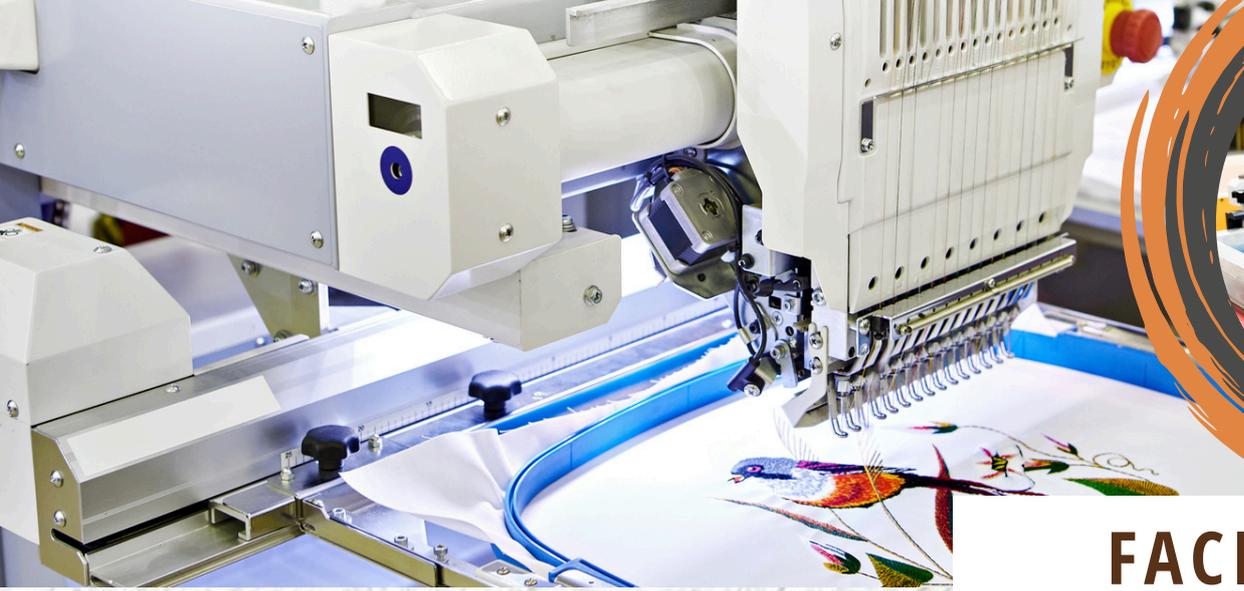

At **Elegant Enterprises**, we're not just manufacturers—we're your **trusted partner**. Whether you're a fashion brand, retailer, or business, we're dedicated to delivering **customized solutions** that meet your unique needs.

Ready to get started? Let's work together to create innovative, sustainable, and high-quality knitted garments.

FACILITIES

KNITTING Elegant Enterprises utilizes the latest and advanced technology machineries to knit the fabrics like Reiter, Mayer & Cie to produce various qualities of circular knitted fabrics right from 100gsm to 400gsm.

SOFTFLOW DYEING Ultra modern soft flow machines are used for fabric dyeing. Dyes and chemicals used are azo free as per Oeko Tex standards and. HTHP machines used for cotton, polyester, Viscose and other blend fabrics.

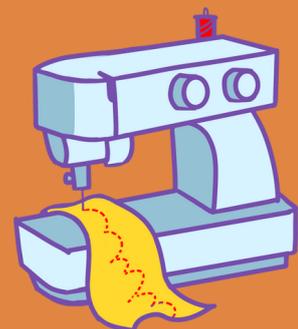

CUTTING Our cutting unit with imported band knife cutting machines, straight lay cutting machines. we are able to cut 10,000 Pcs per day.

EMBROIDERY Computerised multi head embroidery machines to make chain, loop stitch and chenneli designs up to 8-9 colors on Japanese make Barudan machine. Hand embroidery designs with sequence work, beads...Stone fixing, rhime stones, heat transfer photo & flock prints.

PRINTING All over print using rotary printing machine Stormac for reactive, pigment, discharge & Placement prints. pigment, plastic sol, non pvc, flock, glitter, discharge prints on machines like Hebbecker & MHM.

FACILITIES

STITCHING Garment sewing unit is done with proper lighting, good floor space and amenities. Legal and statutory norms with respect to social systems and physical facilities are provided. As a safety standard we are following necessary covid 19 precautions

CHECKING Checking is to trim all extra threads and also checks for stains and holes. All garments are 100% checked before packing. In the checking section the pieces are properly checked by efficient people.

IRONING Automated ironing lines work in tandem to ensure smooth ironing of all the products. This line also serves as a final quality checkpoint before the products are packed.

PACKING We buy our packing materials from leading suppliers and professional providers. We use Oeko Tex certified labels and tags produced from the certified suppliers.

QUALITY

Our Philosophy Zero Tolerance for Defects

At Elegant, quality is not just a checkpoint; it's a culture. We employ a comprehensive Quality Management System (QMS) that governs every aspect of our operation, from raw material sourcing to the final dispatch.

Our dedicated Quality Assurance team works independently to ensure objective assessment and adherence to international standards.

- ✓100% Fabric Inspection
- ✓AQL 2.5 Standard Followed
- ✓In-house Physical & Chemical Lab
- ✓Continuous Workforce Training

The 4-Stage Quality Control Process

Rigorous testing and inspection at every critical stage of production.

- Raw Material Testing
- In-Line Inspection
- Lab Validation
- Final Audit
